Only Few Days to Fly to and from Dubai

Posted on 22nd May

Passenger counts in Dubai are up 30 per cent in the first three months of the year. Passenger traffic also recorded the highest rise in the sixth month of last year. Conducted by Dubai Airport, the statistics show overall passenger numbers have risen from 94.6 million in June 2009 to 127.6 million in March 2010. A total of 27.4 million travellers passed through the airport during this time. Highest increases were seen in direct air service between Dubai and key destinations. Direct flights to/from North America and Europe

were up 22 per cent, while routes to/from India/South Asia and Africa were up 26 per cent. On the off-peak period, overall passenger traffic of 96.3 million people went up by 21 per cent in the first quarter of 2010. Direct flights between the UAE and key destinations rose by 19 per cent. Meanwhile, during the peak period, the number of passengers travelling between the UAE and other countries went up by 15 per cent compared to the same period last year. Overall passenger traffic during the peak period rose by five per cent, thanks to the 23 per cent increase in
